Your Eminence,

Please accept my most sincere and profound condolences over the earthquake in central Italy, as the result of which hundreds of your compatriots have tragically died and been injured, and many houses and churches have been destroyed.

I pray to the All-Merciful God, asking Him to give rest to the souls of all those who untimely died, to grant recovery and consolation to their families, and to bestow peace and prosperity on the blessed land of Italy.

With love in the Lord,
