Opening the meeting Metropolitan Vladimir outlined the priorities of the commission. Before moving to work on the documents drafted by the commission's working groups, he expressed hope that the work of the commission would help to bring the lost back to the saving fold of the Church and to overcome divisions which lead to destruction. He stressed that the work of the commission will be carried out in the spirit of the Gospel and in accordance with the traditions and canons of the Church.

Metropolitan Vladimir suggested that in considering the procedure for accepting those who come back to the Church, the commission should follow the theological approach proposed by Metropolitan Hilarion of Volokolamsk at the commission's previous meeting.

Metropolitan Hilarion made a report giving an analysis of the documents drafted by the working groups and made proposals for further work, which were accepted by the commission.

The draft documents were presented by the working group leaders – Archbishop Ioann, Archpriest Andrey Novikov, Rev. Ioann Miroljubov and Ms. E. Orlova.

The commission considered and approved the documents 'On accepting those who come back from schisms into the fold of the Church, and 'On measures to overcome the consequences of the 17th century church division'. These documents will be submitted to the Inter-Council Presence's Presidium.
