

Parishioners of the Holy Trinity parish in Melbourne venerate the Hawaii Iberian icon of the Mother of God.

DECR Communication service, 28.05.2024.

From 17th to 27th May 2024 parishioners of the Orthodox parishes of Australia greeted the Hawaii myrrh-gushing icon of the Mother of God, a revered holy object of the Russian Orthodox Church Abroad. The visit of the icon to Australia was organized by the bishop of Sydney and Australia and New Zealand George. Included in part of the icon's journey throughout the country there were included, apart from the Russian parishes, churches of the Serbian and Macedonian Orthodox Churches.

On 25th May an Akathist was served to the Mother of God before the myrrh-gushing icon at the Holy Trinity parish of the Moscow Patriarchate in Melbourne. Dozens of parishioners had the opportunity to pray before the icon and venerate it.
